

Hello and welcome to Cow World!

Here is a quick guide on how to interact with our world.

You can always open it up again by right clicking anywhere on your screen and selecting the "Help" on the popup menu.

first, lets start with the basic controls. In order to toggle between different functions, you will need to click the key associated with that function.

(don't worry they are not case sensitive!)

- Right Mouse click anywhere on the screen - Opens the menu.
 - Exit Button
 - Help Button
 - Ambient light controls

- "B" - Cow body movement
 - "J" - Move left.
 - "I" - Turn forward.
 - "L" - Turn right.
 - "K" - Move back.

- "H" - Head movement
 - "J" - Turn left.
 - "I" - Turn forward.
 - "L" - Turn right.
 - "K" - Turn back.

- "T" - Tail movement
 - "J" - Swing left
 - "I" - Swing up
 - "L" - Swing right
 - "K" - Swing down

- "F" - Leg Movement independent of the body.
 - "J" - Move left.
 - "I" - Move forward.
 - "L" - Move right.
 - "K" - Move back.

- "C" - Camera movement, and toggle back to the main camera.
 - "J" - Pivot left.
 - "I" - Pivot up.
 - "L" - Pivot right.
 - "K" - Pivot down.
 - "+" - Zoom in.
 - "-" - Zoom out.

- "P" - Toggle to the cow's point of view. Enables body controls.
 - -This will automatically toggle to body movement.
 - -You can click all other control keys and move controls will work.
 - -We suggest clicking "H" and looking around.

- "S" - Spotlight control
